## Pleased to Meet You!

I'm Alexis Bondch.

I have a Multiple Subject K-12 Teaching Credential from SDSU & experience teaching in classrooms all over San Diego, spanning all grade levels.

## In the Classroom:

I aim to create an environment where all students feel respected and encouraged.

My class should be fun, engaging and hopefully the best hour of your student's day at school.

It's a privilege to teach these fun courses that allow students to pursue their interests.

I bring this joy and gratitude to every day of teaching, and it tends to be contagious.

## Marketing & Corporate Experience

I have a B.S. in Operations Management from CU Boulder.

Before teaching, I had a career in marketing, operations, and real estate.

I enjoy integrating my corporate experience with everything we do in the classroom. I think of my students as coworkers. Each brings their own unique strengths to our classroom culture, and it's my top priority to uplift their voices, encourage their ideas, and support them in meeting their goals.
